EXPERIENCE

Jun 2023 – Aug 2023

UX/UI Intern

OpenKnect, Halethorpe, MD – Government staffing startup

- Conducted market research and interviews to identify user needs. Integrated these insights into the design process for improved user satisfaction and product excellence.
- Implemented responsive design principles, adhering to Material 3 Guidelines to accommodate all screen sizes.
- Collaborated with a team of 3 designers and 6 developers to uphold design uniformity and cohesion.
- Maintained open and effective communication with stakeholders, ensuring alignment with client and project objectives.

Jan 2021 – Feb 2021

UX/UI Intern

Beedu, Hanoi, Vietnam – Outsourcing startup

- Created wireframes and working prototype across desktop and mobile platforms in Figma.
- Collaborated with designers to maintain design consistency and coherence.
- Contributed to the development of the user onboarding experience for a banking web app.

Oct 2020 – Jan 2021

Graphic Design Intern

LIXIL Corp, Hanoi, Vietnam – Japanese housing product corporation

- Created marketing standees, banners for INAX, GROHE, American Standard and other housing product brands.
- Designed company profile in InDesign, outlining LIXIL's goals, history, and international impact.
- Worked with a senior designer and marketing team to manage daily projects.

Jun 2021 – Present

Website/Graphic Designer

Freelance, Malden, MA

- Develop responsive wireframes and prototypes, transforming them into fully functional and responsive websites.
- Manage composition, color schemes, illustrations, typography, and branding elements in various projects.
- Keep updated with the latest industry trends in website and product design.
- Perform user research, conduct user testing, and engage in interaction design and no-code development.
